

## Preannouncement

# German-Taiwan Call for Proposals for Joint R&D Projects

A Call for proposal for joint R&D projects between Germany and Taiwan will soon be announced.

Applicants are expected to develop ready to market solutions for products, technology based services or methods in all technological and application areas which have strong market potential. Eligible project participants from Germany and Taiwan will finance their costs from the national funding schemes and complementarily from their own resources.

**The joint Call for Proposals will launch in early January 2018.**

If you have any questions in advance, please contact the following agencies:
